COUNTY CENTENNIAL FAIR PLANNED

By Jeanne Sears

After a slow start the Minden Agricultural Society has started to move towards a great Fair for Haliburton County Centennial Year. They say New Brooms sweep clean and this year with the Executive of R. Parisotto, President, S. Nesbitt, 1st Vice-President and M. Jackson 2nd Vice-President, Mrs. Earl Bird Secretary-Treas. and M. Gilbert Past President the fair should really be swinging and the Directors, W. Crofts, W. Dugan, W. Duncan, M. Gilbert, B. Hewitt, K. Hughes, M. Jackson, S. Nesbitt, R. Parisotto, L. Prentice, F. Wright, J. Hatkoski, Mrs. Roy Hughes, Mrs. H. Kernohan, Mrs. Ila Lytle, Mrs. W. Moore, Mrs. L. Nesbitt, Miss L. Pitts, Mrs. W. Roodenburg, Mrs. Alec Taylor and associate directors which include the Reeves of all the Townships in this County congratulate the new executive and will really work to make this fair one to be proud of in this our County Centennial Year.

Already they are contacting big names for entertainment and believe you me, the wheels have really started to turn. Let us hope that the whole county will take part in making this Fair of Aug. 23, 24 & 25 the success that is being planned for it. Did you know this is the ONLY FAIR in our County so come on folks, make it a great one and watch for further comments as we go along.

Guide news

The 1st Minden Guide Co. invited Guides from Omeme and Bobcaygeon to join them in Minden and there all 31 Guides and 5 leaders left for Camp Adelaide Haliburton for a fun weekend. Mrs. R. Freeman was assisted by Captain Mrs. Gae Brown, Lieut. Miss Ann Cox, 1st Minden Company, Mrs. L. Schnler, 1st Omeme Guide Captain and Mrs. S. Ramsay Lieut.

The Guides worked on their Keep Fit Badge which was presented by Mrs. Schnler, Mrs. Brown and Miss Cox. Mrs. Freeman gave the lectures on the Citizen of Canada Badge and Mrs. Ramsay helped the Guides with knots and other requirements for the Challenge Badge. The Guides had a great long campfire of songs and skits and soon it was time to board the bus for Minden - the end of another wonderful weekend (March 29-31).

Curling news

By Marlan Ingram

Well here we are winding up another successful year of curling. On Tues. Apr. 2nd at 7.30 p.m. all the members had a wonderful time at the free ice skating party before the ice disappeared. The Men's Senior League for 60 and over had a happy couple of hours every Monday afternoon. Many had never curled before, but have become very proficient in the last couple of years, and they never missed a game, regardless of the weather. They played their last game on Apr. 1st and had a turkey supper to finish the season. We hope they will also all come to the banquet being held at the Minden Arena on April 20th.

This year we had 16 students, boys and girls, from

Archie Stouffer Public School, plus their teacher Bernice Davis, come out on Thurs. afternoons to learn the game. Ed Pettinger, Bruce Scribner, Art Hodgkinson and Bill Ingram were there each time to instruct them and apparently they did very well for their first year.

The winners for the year are as follows:

MON. LADIES

Chris Dollo, Helen Yake, Betty Taylor, Gae Brown.

WED. LADIES

Phyl Campbell, Jane Graham, Bev Wooden, Pearl Durant.

MON. MEN'S SENIOR

Sandy Stewart, Ed Teachman Mac Macarey, Bill Riddell

TUES. MEN'S

League - J.O. Jackson, Jim Green, Don White, Joe Rivers

Playoff - Watson Yake, Ed Pettiner, Lyle Archer, Doug Hardy

WED. & THURS. MIXED

League - Bruce Scribner, Peggy Jarvis, Wilf Jarvis.

HAPPY SKATERS

dal hubbert

THIS GROUP OF YOUNG SKATERS ARE JUST SEVEN OUT OF A CAST OF 120 RANGING FROM PRE-SCHOOLERS TO ADULTS THAT DAZZLED SOME 600 SPECTATORS FOR TWO HOURS LAST SATURDAY NIGHT IN THE MINDEN FIGURE SKATING CLUB'S ANNUAL CARNIVAL. CARNIVAL THEME WAS 'SLEEPING BEAUTY'. FOR MORE PICTURES SEE PAGE 6.

Centennial plans

Banners three feet high and 30 feet wide proclaiming Haliburton County's Centennial Year will soon stretch across entrances to county towns and hamlets as plans begin to gel for the county's one-hundredth anniversary celebration.

Already, a variety of measures have been planned to acquaint visitors to the Highlands with Centennial Year. These include Centennial place mats available from

Gae Brown
Playoff - Alton Duncan, Irene Duncan, Blair Corcorin, Rover

WED. & FRI. MIXED

League - J.O. Jackson, Jean Jackson, Jack Kerr, Mabel Kerr

Playoff - Doug McGee, Shirley McGee, Gareth Kellett, Cathy Kellett.

Webster Wholesale in Fennelon Falls, free Centennial book matches plus plastic buttons and decals.

As enthusiasm grows, more and more projects join the list of Centennial events. Included are Centennial scrap books, quilts, woven hangings, pictures, poetry and histories, Centennial balls, community family picnics, fine arts exhibitions, summer carnivals, old-fashioned garden parties and musical festivals.

A major event this Spring will be Haliburton County Centennial Day at Toronto's Ontario Place adjacent to the CNE on Saturday, May 25th.

Brownies

The 1st Minden Brownie Pack and the 1st Carnarvon Br

-ownie Pack under the leadership of Mrs. R. Freeman assisted by Mrs. Angela McCloskey, Mrs. Gloria Tomlinson, Mrs. Yvonne Penny and Mrs. Judy Purc boarded a bus in Minden and off to Camp Adelaide in Haliburton where the Brownies enjoyed a wonderful weekend of crafts, games and badge work. The Holiday Badge was earned by all the Brownies by planning, helping and working together the whole weekend. The Athlete Badge was completed. This involved skipping, jumping, running, ball throwing and tumbling. The Beadworker is a craft badge and so they made bracelets or necklaces also a design worked with beads on felt.

Mrs. Judy Purc was tested for her Pack Holiday license by Mrs. I. Drury and Mrs. B. Willmak from Lindsay. The Brownies and their leaders arrived home tired but happy after a most successful weekend. (March 22-24).

HERE and THERE with NORM MAIDENS

When I get something good I like to pass it on to you and this time I've got something really good -- in fact just about the best I've come up with lately. It's a restaurant in Carnarvon. It used to be the laundry, then the M and R restaurant and now is under new management and is known as 'MR. FOGG.' -- a rather unusual name for an eating place but it is sort of the same thing as Fenwick Finch is to me, my alter ego. The Fogg comes from the names of the two owners Neil Foster (whom I met) and John Hogg.

The restaurant is undergoing a great many renovations and the outside ground on Mirror Lake will be completely landscaped. They have a coffee bar, a dining room and banquet hall and hope to be in full operation for this summer. They will have a varied and personalized menu -- one of the features is each customer gets an individually baked loaf of bread, salads etc. are made to order. There are many innovations that you will have to experience -- telling isn't enough.

The coffee was exceptionally good and, for the month of March, it was on special for five cents a cup -- I found out too late to get any benefit.

The House of Fogg is going to specialize in steaks and roast beef.

Both the partners are exceedingly well-skilled in the food business having spent most of their lives in hotel and food-connected businesses.

The best thing I can suggest -- drop in and see the place, get some good coffee and enjoy the surroundings -- they are conducive to relaxation and the enjoyment of good food. A little over a week has passed since I put that copper band on my left wrist -- and I can't say that I see much difference yet except that I have an incredibly dirty, green wrist -- which people tell me shows that it is working. By that rate I should be cured real soon.

I have had at least a half a dozen calls and every one swears by the band. Any further comments would be appreciated.

The UFO sightings around Boshkung Lake are becoming widely known. I have had mail from two gentlemen who are interested in what has been seen. Please write them and tell them of what you have seen.

Gene Duplantier,
17 Shetland Ave.,
Willowdale, Ont.

H.H. McKay,
P.O. Box 54,
Agincourt, Ont.
M1S 3B4.

Regional Government is still the Spectre in the background and we seem to be doing nothing about it.

It would appear to me the taxpayers should get some ideas from the County Council just where they are putting the noose around our necks and how it will be done. Anything I have heard of Regional Government hasn't been too favourable -- If we futz around much longer and don't come up with something Regional Government will be thrust down our throats -- and without any choices, the game will be over and it will be too late to pick up the pieces. I feel a full explanation of what we can expect one way or the other should be given the taxpayers by the County Council before the roof falls in.

Peter Sweet a former employee of the CBC for some years has retired to his winterized cottage at Mountain Lake and is in the process of writing a book on UFO's and associated material.

The other day Peter 'phoned me and asked me if I would care to come with him while he made a visit to 'Malva Dee' the internationally known seeress who makes her home at the 'Enchanted Acres' West Gullford.

Peter's instructions on how to get there made me feel the place should be called 'Hidden Acres' after some searching we found her home only to find that she wasn't available.

Maybe we'll have better luck next time. In any event I'll let you know how we make out.

Here's a couple more of 'Forsey' squibs.

Frequent naps will keep you from getting old, especially if you take them when you're driving.

Make someone happy -- mind your own business.

Well, that's another week -- drive carefully, we have lots to offer in the County, be around to enjoy it. You might even get to see a UFO and good luck to you.

Along The Trails

with
**The Highland Snowmobiler
and Roy Bates**

When we started this column last fall we promised all of the local snowmobiling news. It would hardly be fair, then, to pass up this next item. Though I would like to, Your HCSA President, after preaching safety and caution all season long, has gone and got himself in a bit of a bind. A leg in a cast that is. Failed to take his own advice! After my recent visit to Quebec, I had been hoping winter would last long enough to get the groomer out and shape up a section of trail as nearly as possible to the condition of the two-way trails I had seen there. Last Wednesday gave me the chance. A fresh fall of snow, a frosty morning, and the Alpine standing ready. I took a couple of hours off from work and set out early to do the job. Breaking the first rule -- I went out alone.

I picked for my purpose the 'Holiday Inn Trail' which runs along the Minden-Dysart boundary South from Kashagawigamog. The unplowed back road shaped up nicely. With seven passes in both directions I had three or four miles of near-perfect two-lane trail. Then headed for home (Donald) via the Bolton Road and Evan Shaw's fields. I almost made it. In a short section of narrow trail, which comes out at the old Donald School, I was carefully threading the groomer between the trees and breaking the second rule, riding with one knee on the seat in order to watch the drag, when -- you guessed it -- I got the Alpine too close to a tree and snapped an ankle. There's not much 'give' to green maple.

Now, I want to tell you that no matter how brave you are, or think you are, there is a moment of panic when you find yourself disabled and alone. It must have taken me five minutes or more of trying to un-couple the drag before I realized that I was forgetting to lift the locking lever. When I finally got myself pulled together I was able to get the drag off the trail so no one would run into it and get the snowmobile started and ride it home.

Incidentally, a phone call or two from anyone who gets to ride on that trail would help to ease the pain.

It is now almost a certainty that new snowmobile legislation will incorporate the Select Committee's recommendation that snowmobiles be banned from roads after July 1st this year. The only thing wrong with this move is that it comes several years too late.

There must begin now a concerted effort on the part of all snowmobilers to locate and open many miles of off-road trails. And it is no longer viable to choose the easiest route -- the shortest way to the nearest lake -- for statistics show that lake travel is only slightly less dangerous than the roads.

REVEREND ANDREW S. HUTCHISON 286-2541

Report from Parliament

by WILLIAM SCOTT M.P.

Last week the Official Opposition moved its second non-confidence motion against the government in the present session, condemning the government for proposing a one hundred million dollar, five-year plan to study the housing problem in Canada.

On the face of it, it would appear that the government motion will at long last allow us to get to the bottom of one of the most serious problems facing us today, but in plain fact it would only delay positive action to eliminate the critical housing shortage and to curb runaway inflation in housing costs.

In the first place, the government has put a price tag on a program that has not even been set up, and this raises the question of whether the government is trying again to smother a serious problem with vast sums of money. In the second place, there is an immediate need for housing, and it is unfair and inhuman to ask people to wait for five years while the government tries to work out a solution to the problem.

At the present rate of inflation in housing costs, decent shelter is being pushed further beyond the reach of the average Canadian with every year that passes. Time is a very critical aspect of the problem, and we simply cannot wait several more years before we take positive action. What is needed right now is a crash program to examine every aspect of housing. We must first of all take steps to halt the rapid increase in building materials and land costs. At the present rate of increase it will only be a matter of two or three years before decent homes will be beyond the reach of anyone except the very rich. This is an unnatural situation, and there is no doubt in my mind that we can quickly isolate the causes of this phenomenon.

Housing costs are rising at a faster rate than for any other service or commodity, and if we hope to reverse this trend we must first find out what is causing it. The government proposal is not designed to either curb the rise in housing costs, or to find ways to place housing within the reach of those who need it most, and so in my view it would be an expensive, useless exercise.

The housing problem is so serious that we would be justified in convening a Royal Commission to find out who, and what, is behind the present exorbitant housing costs. The cost of a Royal Commission enquiry would be only a fraction of the government's proposal, and we would get some hard answers on the problem in a very short span of time. We have had Royal Commissions in the past on matters far less important than the housing problem, and I feel strongly enough about it to move a motion in the House on the subject.

MINDEN PROGRESS Thurs., Apr. 4, 1974 Page 3

Five or six years ago a family with an income of \$8,000 a year could qualify for a mortgage on a fairly decent home.

Now, it takes an income of about \$12,000 a year to acquire the same quality of home, if such a home was available now. In Hamilton and Toronto, for example, the cost of homes has risen by \$10,000 in just the past two months, and the only homes available in those cities requires an annual income of about \$19,000. While this is not true in rural areas as yet, such as Victoria-Haliburton, it can only be a matter of time until decent housing will be pushed beyond the reach of the majority of our citizens.

Some of the reasons for the increase in housing costs are already known. In 1963 the federal government imposed an eleven per cent surtax on building materials, slowing up the greatest building boom in history. Next the government floated interest rates, adding more to the cost of a home. Inflation has added still more to the cost, but, there are other factors involved. However, we won't know the answers unless we start looking for them, and we should start now.

Watchdog

This past year has seen the cost of living jump some 10 percent. In February alone it rose more than 2-1/2 percent.

Not that this is something new or unexpected. After all, the spectre of inflation has been very real for all of us and for about as long as most of us can remember.

Latest increases include chocolate, cigarettes, skim milk powder and butter. We can expect gasoline and heating oil prices to skyrocket shortly, too.

The field of paper stock and newsprint is currently in the throes of an industry-crippling shortage and has seen some half-dozen price increases over the past year.

At the rate we're going a minimum living wage 20 years from now, if not sooner, could well be around \$5,000...a week, that is!

Last week, after personal negotiations between Prime Minister Trudeau and Alberta Premier Lougheed it was joyfully announced that the per barrel price of oil would only increase to \$6.50, from its current \$4.00 a barrel. That's a jump of more than 60 percent in anybody's math, new or old. To wax ecstatic over it, as they did in Ottawa, is akin to a criminal's boundless rejoicing at a sentence of 18 years when he could have been given 20. To most of Canada it means another round of soaring prices. To Alberta it means additional revenues of more than \$900 million a year, an amount equal to the total annual budget of that province just a few years ago.

Obviously, our economic system is failing us.

At the federal and provincial government levels, where government itself outpaces all others in deficit financing and in the fly now-pay later philosophy, there is a lack of positive, active, anti-inflation policy.

Meanwhile these same governments conveniently look the other way as the buying and taxpaying public is repeatedly ripped-off by some large corporations that deliberately take advantage of product shortages, even fostering such shortages, in order to wantonly escalate their prices and their profits. Currently the petroleum industry is under investigation in the United States for these illegal practices. Certainly, no one objects to a modest mark-up. A legitimate profit is the very basis of our whole economic system.

But the deliberate, self-serving manipulation of supplies and prices in order to gouge out unwarranted profits must be stopped.

If industry cannot or will not do so voluntarily then federal and provincial governments must do it for them. Government must arm itself with a tough, positive anti-inflation policy and assume the role of watchdog.

It must do it now!

DOLLARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to
Avco Financial Services

I've discussed this subject before, but current information indicates that young working women, especially single ones, are not doing a good job of managing their money. There are many exceptions, of course, but for too many, it seems to be a regular race to deposit each paycheck to cover checks already written to cover the bills.

A recent study by Esmark, Inc. concludes that poor financial management is the root of these problems, and I concur, so today, a checklist of do's:

- First get some sort of budget or spending plan set up. You need something to work from, even if it's a little rough.

- Establish a good credit rating early. Even if you start on a very small scale it can make a big difference to your lifestyle. Open a charge or credit account, but be careful. Don't be tempted to overspend. The idea is to build a good payment record.

- Don't neglect insurance, especially medical or sickness, and savings. Even a few dollars every payday will get you into the right habit.

It takes some willpower, no doubt about it, but the rewards should be worth it. I think you'll feel a lot better not having to race to the bank each payday with your late deposit.

Readers' questions are welcome and should be sent to Box 5875, London, Ontario.

LETTERS TO THE EDITOR

Saturday, March 30, 1974
Minden, Ontario.

The Editor,
Minden Progress,
Minden, Ontario.

Dear Sir:

I would like to congratulate everyone concerned with the splendid effort put forth tonight on the Minden Figure Skating Carnival - teachers, children, parents, guest skaters and hard working Committee People. It seems a real shame to me that the whole evening, including the presentations at the finale, had to be viewed in the 'dark'. It would have been a pleasure to see the faces of the pre-school tots, the costumes of the older skaters--that I'm sure many mothers slaved over and the make-up on each child which looked great under the lights during intermission. I'm sure the glow of excitement in each child's eyes and the smile of eagerness on their faces would have added an extra touch if the audience had been able to capture it with them.

Let's hope the 'lighting' improves with time and next year the Minden Figure Skaters will be enjoyed many times over.

Yours truly,
Mrs. Eleanor Hall,

March 29, 1974

The Editor,
Minden Progress,
Minden, Ontario.

Just a short note re people shooting guns at UFO's. When our people landed on the moon I'm sure they would have been upset to know that the locals were trying to damage their equipment and maybe even murder them. It would be a long way to fly with holes through the windshield made by hostile natives.

Surely the UFO occupants have seen enough of earth men's ways that they don't need a dose of that kind of Haliburton Hospitality to remind them they are on earth. Beside they might shoot back and hit some of us over here on Halls Lake.

I say welcome to them, it's a free country, isn't it. Not all strangers come to do you harm, and perhaps they might even be here to help us, and we all know the world could use a little of that about now.

As a prior member of A.P.R.O., a UFO investigation association, I would appreciate a phone call to 489-2825 by anyone witnessing an event that I could bring my camera and binoculars (not artillery) to and perhaps learn more of this phenomena.

Yours sincerely,

Bill Hamilton,
Hall's Lake,
R.R. 2,
Minden, Ontario.

COMPANY'S COMING

THIS WEEK from Ottawa

PM IN SASKATCHEWAN

Prime Minister Trudeau will be in Saskatchewan on April 4 and 5.

The Prime Minister will attend a public reception in North Battleford. He will also address the Chamber of Commerce in Weyburn and will spend some time in Gravelbourg. In addition, Mr. Trudeau will make brief stops in Regina and Saskatoon.

111,000 JOBS CREATED

111,000 new manufacturing jobs were created last year by the federal government's two-year writeoff for corporate capital investment, Finance Minister John Turner told the House of Commons.

The minister pointed out that this was 8,000 more jobs than in the previous three years combined.

ECONOMY GROWING

The Financial Times of Canada reported last week that "evidence is now coming in that the Canadian economy got off to a good start this year and economists are taking a second look at their 1974 growth forecasts and revising them upwards."

ARCTIC PIPELINE

The construction of the proposed Alaska natural gas pipeline would create 7,500 new jobs in Canada's North.

The 2,625-mile pipeline could be delivering Arctic natural gas to Canadian and U.S. markets by 1979. The pipeline would increase supplies in North America by about seven per cent.

A consortium of 27 Canadian and multi-national companies is seeking permission from the National Energy Board and the federal government to begin construction by the winter of 1976-77.

STUDENT EMPLOYMENT

Treasury Board President Charles Drury reported in the House of Commons that less money has been allocated to 1974 summer student employment programs because of a better student employment situation this year.

IMMIGRATION UP

Manpower and Immigration Minister Robert Andras announced that immigration to Canada rose to 184,200 during 1973, an increase of 51 per cent over the 1972 total of 122,006.

Cancer a Personal Challenge

by
NORM MAIDENS

(SIXTH IN A SERIES)

Cancer can be beaten—but, you have to help by getting an early examination, caught in time either a control or cure may be possible. Don't delay, see your local doctor if you feel you may have any of the symptoms.

April is Cancer month, help with your contributions, research is badly needed and the money for the necessary research is hard to come by.

Now, for a few more questions and answers contributed by the Canadian Cancer Society.

Is cancer a single disease?

No. Cancer is a family of hundreds of different diseases whose only similarity is that they are abnormal cell growths. Some cancers are highly dangerous, while others can be cured in almost every case. Experienced doctors can usually give a reasonably accurate prediction as to the likely behaviour of any given cancer.

Is leukemia a form of cancer?

Yes, leukemia is cancer of the blood forming tissues in which there is excessive and uncontrolled production of white blood cells. In Canada, of the total deaths from all cancer in a single year, 1/2 per cent are caused by leukemia, one-fifth of these among children under 15 years of age.

Can cancer be caused by a bruise or sprain or other injury? There is no evidence that any cancer has ever been caused by injury alone, although it is possible that injuries such as bruises and sprains may occasionally accelerate the growth of pre-existing cancer.

How is food related to cancer?

Little is known about diet in relation to cancer but research is being carried out to explore the role of food habits in the occurrence of cancer in various countries and population groups.

If a parent dies from cancer, are the children more likely to develop this disease?

Not necessarily. Family tendencies do occur, but as a general rule, children of parents who have died of cancer are no more likely to develop cancer than anyone else. Are the results of animal studies on cancer applicable to human beings?

Much of our fundamental knowledge of human cancer has been learned from the study of the disease in experimental animals. Without such animal studies it is highly unlikely that our knowledge would have advanced to its present stage. All new cancer remedies, particularly the new drugs, were tested on animal tumors. Research in cancer could not be continued if animal experimentation were not possible.

HALL'S LAKE NEWS

by **Doreen Stinson**

Mr. and Mrs. Charles Hamilton of Peterborough were the guests of Mrs. Edith Russell over the week-end, and attended St. Stephen's Church Sunday afternoon.

Mr. and Mrs. Archie Neil of Bramalea visited with Len and Doreen Stinson this week-end.

Mrs. Verna Jarvis is back visiting with her sister Mrs. Helen Brown, from Mississauga.

Many cottagers arrived back at the Lake this week-end to have another fling at anowmobiling. There won't be many

more week-ends for this type of recreation.

It was nice to see local skaters in the Minden Ice Carnival on Saturday evening. Even the tiny pre-schoolers were great on their skates and the guest skaters were certainly well worthwhile. The Community Centre is a credit to the community and the men and women who worked so hard on the Carnival deserve much credit. Mr. Bill Howe and the Ballantynes were there to see the children taking part.

Many out-of-town relatives, neighbours and friends attended the service for the late Ken Johnson, last Tuesday morning. Mr. Lloyd Johnson and Mrs. Louise Watson both spoke of Ken as a good neighbour and a native who had lived a good life. It was a simple quiet service, carried out by his wife who respected his last wishes.

We are sorry to hear that Mrs. Dave Harrison has gone to hospital in Kingston and certainly send our wishes for an early recovery.

RETAIL SALES SEMINAR

Your Haliburton Highlands Chamber of Commerce has arranged a special 'Retail Sales Seminar' that will be of interest to all Merchants, Businesses, related Service outlets and to any of their employees able to attend. This Seminar will include such subjects as Sales, Customer relations (both in store and telephone) and panel discussions on subjects relative to small businesses. Also, there will be a prominent luncheon speaker. Plan now to attend.

CENTENNIAL CORNER

COUNTY MAJORITY VOTES

The electoral count of ratepayers for the Provisional County of Haliburton in November, 1972, was 26,975, with individual municipality count being:

Anson, Hindon & Minden	3,770
Bicroft, Improvement	
District	570
Cardiff	2,006
Dysart et al	8,266
Glamorgan	2,101
Lutterworth	2,105
Monmouth	1,456
Sherbourne, et al	2,277
Snowdon	1,233
Stanhope	3,191

A township with more than 1,000 municipal electors is entitled to a deputy reeve, and the Reeves and Deputy Reeves comprise County Council.

Motions in County Council are passed by a majority count of members, but on controversial issues a recorded vote may be requested, which gives a decision by majority of actual votes allowed in accordance with the representative electoral count. Each Reeve and Deputy Reeve has a vote, but when the electoral count of a municipality is over 2,000 the Reeve has one additional vote, and when the count is over 3,000 the Deputy Reeve of that municipality also has one additional vote.

For ten weeks commencing with the next Centennial Corner each municipality is submitting a contribution of historical comments, and these will appear in the order in which they are received from the municipalities.

HIGHLIGHTS

MINDEN SKATING CARNIVAL

wally bunn

WITH ONLY TWO WEEKS PRACTICE THE MINDEN FIGURE SKATING CLUB MEMBERSHIP THRILLED THEIR PARENTS, RELATIVES AND FRIENDS AT THEIR ANNUAL FIGURE SKATING CARNIVAL SATURDAY NIGHT. LOCAL SKATERS WERE ASSISTED BY KEVIN ROBERTSON, TORONTO, JUDY BOWDEN, TORONTO AND TERRY AND JANET SCHEFFEE OF HALIBURTON.

Question: My wrought-iron lawn furniture is rusty and unattractive. How can I restore the original beauty and obtain a long-lasting finish?

Answer: My recommendation is that you use Tremco Tremclad Rust Paint, not only because it'll get the results you want but also because it's easy to use.

For instance, you can paint right over solid rust spots with Tremclad. It inhibits the rust, seals out moisture, and helps protect previously painted sound surfaces. Tremclad goes on fast and dries to the touch in 2 or 3 hours. It dries completely in 6 to 8 hours and provides a smooth, long-lasting, attractive finish. One coat usually covers; but, if your furniture is outdoors constantly, two thin coats will give more lasting protection.

To use Tremclad, make sure your furniture is clean and dry. Remove all loose, flaking rust and peeling paint with a wire brush or scraper. "Feather" the remaining edges lightly with sandpaper. And, for best results, remove any gloss from old paint by also lightly sanding.

Complete instructions on using Tremclad are on the back of the can.

You can buy Tremclad Rust Paint in ten popular colours in Imperial half-pints, quarts, and gallons, or in aerosol spray cans — which are ideal for covering all the intricate curves and corners of most wrought iron when used as directed.

For more information on Tremclad Rust Paint, write to Tom Tremfix, TREMCO, 220 Wicksteed Avenue, Toronto, Ontario M4H 1G7.

BED MAGNETS

AN OLD FOLK REMEDY THAT REALLY SEEMS TO WORK...

Although the mysterious forces of magnetism have a little-understood influence on human health, many people suffering from arthritis and other assorted aches and pains have experienced relief of pain when sleeping with a bed magnet between the sheets.

Medical research reports describing the use of magnets on humans have been published by Stanford Medical Centre and in The British Medical Magazine, Lancet.

This flat, 3-inch bed magnet is available by mail only from HARRISON PRODUCTS, 2 RANLEIGHT AVENUE, TORONTO, M4N1W9. Send \$3.95 plus Ontario Retail Sales Tax of 28¢ and a postage and handling charge of 50¢ a total of \$4.73 by cheque or money order today, or if you prefer, the bed magnet will be sent C.O.D., plus post office charges. Allow 3 weeks for delivery.

Keeping it clean

with Bill Dodds

Thinking ahead...

I know that summer is still some time away, but we're getting enough warm days to at least start thinking about it.

It shouldn't be too long before you can get out and start up the back yard barbecue. And when you do, there's a better way of lighting the charcoal, I'm told.

Just once, forget about lighter fluid and the electric starting gadget. They're just a waste of money and energy. Take a large tin can--the family size fruit juice tin is about the right size--and cut off both ends. Punch a healthy number of holes around one end. Then put the can--holes down--in the barbecue, put in crumpled paper and top off with charcoal.

Shove a match through one of the holes to ignite it from the bottom.

The efficient draft gets the coals burning well without artificial assistance and when they are all glowing properly, the can may be pulled out with a coathanger or a piece of wire. The coals just fall into place.

Try it. It saves money, and the whole thing is accomplished without the clouds of black smoke that bring complaints from the neighbors.

I just heard about this a couple of months ago. I'm going to try it myself--when the weather gets a little warmer. I assume that when summer gets here we will still be able to afford to burn paper.

The price of good used paper has gone up substantially over the past few months and recycling groups are getting a welcome increase in income to underwrite their operations. In fact, the price increase is causing some concern in areas like Metropolitan Toronto, where there are municipal paper pickups. Officials there have begun to worry about paper pirates, lifting bundles off the streets before the municipal collection can get them.

Imagine that. The garbage you throw away is worth stealing.

The Expropriations Act

NOTICE

Of Application For Approval To Expropriate Land

IN THE MATTER OF AN APPLICATION BY THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON FOR APPROVAL TO EXPROPRIATE LANDS IN THE TOWNSHIP OF LUTTERWORTH.
FOR THE PURPOSE OF THE RECONSTRUCTION OF COUNTY ROAD #2 (DEEP BAY ROAD).

NOTICE IS HEREBY GIVEN THAT APPLICATION HAS BEEN MADE FOR APPROVAL TO EXPROPRIATE THE LAND DESCRIBED IN THE SCHEDULE HERETO.
ANY OWNER OF LANDS IN RESPECT OF WHICH NOTICE IS GIVEN WHO DESIRES AN INQUIRY INTO WHETHER THE TAKING OF SUCH LAND IS FAIR, SOUND AND REASONABLY NECESSARY IN THE ACHIEVEMENT OF THE OBJECTIVES OF THE EXPROPRIATING AUTHORITY SHALL SO NOTIFY THE APPROVING AUTHORITY IN WRITING.

(A) IN THE CASE OF A REGISTERED OWNER, SERVED PERSONALLY OR BY REGISTERED MAIL WITHIN THIRTY DAYS AFTER HE IS SERVED WITH THE NOTICE, OR, WHEN HE IS SERVED BY PUBLICATION, WITHIN THIRTY DAYS AFTER THE FIRST PUBLICATION OF THE NOTICE;

(B) IN THE CASE OF AN OWNER WHO IS NOT A REGISTERED OWNER, WITHIN THIRTY DAYS AFTER THE FIRST PUBLICATION OF THE NOTICE.

THE APPROVING AUTHORITY IS
THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON,
MINDEN, ONTARIO.

THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON

D. Jack Cox, County Engineer

NOTES:

1. THE EXPROPRIATIONS ACT PROVIDES THAT,
(A) WHERE AN INQUIRY IS REQUESTED, IT SHALL BE CONDUCTED BY AN INQUIRY OFFICER APPOINTED BY THE MINISTER OF JUSTICE AND ATTORNEY GENERAL;
(B) THE INQUIRY OFFICER,
(1) SHALL GIVE EVERY PARTY TO THE INQUIRY AN OPPORTUNITY TO PRESENT EVIDENCE AND ARGUMENT AND TO EXAMINE AND CROSS-EXAMINE WITNESSES, EITHER PERSONALLY OR BY HIS COUNSEL OR AGENT, AND
(11) MAY RECOMMEND TO THE APPROVING AUTHORITY THAT A PARTY TO THE INQUIRY BE PAID A FIXED AMOUNT FOR HIS COSTS OF THE INQUIRY NOT TO EXCEED \$200 AND THE APPROVING AUTHORITY MAY IN ITS DISCRETION ORDER THE EXPROPRIATING AUTHORITY TO PAY SUCH COSTS FORTHWITH.
2. 'OWNER' and 'REGISTERED OWNER' ARE DEFINED IN THE ACT AS FOLLOWS:
'OWNER' INCLUDES A MORTGAGEE, TENANT, EXECUTION CREDITOR, A PERSON ENTITLED TO A LIMITED ESTATE OR INTEREST IN LAND, A COMMITTEE OF THE ESTATE OF A MENTALLY INCOMPETENT PERSON OR OF A PERSON INCAPABLE OF MANAGING HIS AFFAIRS, AND A GUARDIAN, EXECUTOR, ADMINISTRATOR OR TRUSTEE IN WHOM LAND IS VESTED.
'REGISTERED OWNER' MEANS AN OWNER OF LAND WHOSE INTEREST IN THE LAND IS DEFINED AND WHOSE NAME IS SPECIFIED IN AN INSTRUMENT IN THE PROPERTY REGISTRY, LAND TITLES OR SHERIFF'S OFFICE, AND INCLUDES A PERSON SHOWN AS A TENANT OF LAND ON THE LAST REVISED ASSESSMENT ROLL;
3. THE EXPROPRIATING AUTHORITY, EACH OWNER WHO NOTIFIES THE APPROVING AUTHORITY THAT HE DESIRES A HEARING IN RESPECT OF THE LANDS INTENDED TO BE EXPROPRIATED AND ANY OWNER ADDED AS A PARTY BY THE INQUIRY OFFICER ARE PARTIES TO THE INQUIRY.

SCHEDULE

ALL RIGHT, TITLE AND INTEREST IN THE FOLLOWING LANDS:

1. IN THE TOWNSHIP OF LUTTERWORTH, IN THE PROVISIONAL COUNTY OF HALIBURTON, IN THE PROVINCE OF ONTARIO, BEING,
(A) PARTS OF LOT 7, CONCESSION 14, DESIGNATED AS PART 1, ON THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON PLAN, DEPOSITED IN THE REGISTRY OFFICE FOR THE REGISTRY DIVISION OF HALIBURTON (NO. 19) AS PLAN 19R433.

THIS NOTICE FIRST PUBLISHED ON THE 21ST DAY OF MARCH, 1974.

ABOUT THE TOWN

with Jeanne Sears

We hope no one missed the T.V. Broadcast Sunday night celebrating the 25 Anniversary of Newfoundland as Canada's tenth Province. This was enlightening and gave a real insight into all of this province. Made some wish to get down east and see for ourselves.

At the L.O.B.A. Card Party last Monday night at the Orange Hall winners were for cribbage Mary Cox and Ethel Leigh; for euchre Rene Burns, high and lone hands and Anule Cox, Joe Turner and Bill Hounsell. After the games all enjoyed a social half hour and the delicious lunch served by the ladies.

Mrs. Harry Welch and Mrs. Lyman Cox attended Victoria East District Executive Meeting at Fenelon Falls last Monday as Minden Womens Institute delegates.

Sandra and Dennis (Corporal) Moore of Base Borden are spending their holiday with his parents Mr. and Mrs. Bill Moore.

When you are housecleaning, have a look through your books, and your childrens' books--these might be from your Public Library. Someone else might be looking forward to enjoying that book just stowed away in your bookcase or toybox.

Did you know after you cleaned your good silver pieces not generally used store them in air-tight plastic, they usually don't tarnish so quickly.

Mrs. Gordon McManus plans to leave very soon for a visit with relatives in Great Britain.

Can anyone help us? Have two cigarette lighters needing wicks, how do you get a new one in them, not name brand ones?

Mr. and Mrs. Leslie Coulter of Kirkfield were Sunday guests with his parents Mr. and Mrs. Angus Coulter. We write many letters and are interested in Genealogy; one of our Pen Pals can find nothing on a surname (Caton) Kaiton--anyone know any family history on this name? Mr. and Mrs. Cliff Skelding of Bay Ridges spent the weekend with her parents Mr. and Mrs. Charles Stevens. Mrs. Alice Hopper had the misfortune to fall and suffered damage to her knee; all her friends send good wishes for a speedy recovery.

The Figure Skating Carnival last Saturday with commentator Rev. A. Hutchison was enjoyable to everyone--good settings--fine skaters--good costuming from the smallest to the seniors--some humour--excellent guest skaters. The Club is to be congratulated on a fine wind-up for their winter's training.

Notice in the Echo and Progress that there is to be a Haliburton County Centennial Day at the Forum at Ontario Place Sat. May 25th. Plans are underway for talent from our County and more help is needed; phone number given was 286-1760 if you have more suggestions. Understand there may be buses going to this so keep watching if you'd like to go as there are many interesting things at Ontario Place.

Mr. and Mrs. Keith Kernohan of Toronto were weekend guests with his mother Mrs. A.S. Kernohan.

At the weekly Mini Card Party at the Parish Hall last Thurs. afternoon winners were for bridge Doris McManus, for cribbage Diane Stevens and Joyce Hewitt and for euchre Alice Hopper, Phil Robinson and Lil Stevens. There will be no card party Thursday afternoon April 11th during Holy Week but there will be games on the 18th and 25th to complete the season.

All his friends send good wishes to Murray Taylor who is a patient at St. Josephs Hospital, Peterborough. Mrs. Clara Francis spent the weekend at Oshawa visiting relatives.

It is my joy in life to find
At every turning of the road,
The strong arm of a comrade kind
To help me onward with my load,
And since I have no gold to give,
And love alone must make amends,
My only prayer is, while I live---
God make me worthy of my friends!

F.D. Sherman.

Fishermen were busy lately getting fish huts off the ice of our lakes and we hope they cleaned up any cans and scrap so these would not get in our waterways.

Spring must surely be on its way, finally saw a robin, and the snow is going, though they said snow for tonight (Mon) hope it is rain and mild so no ice. Anyway drive carefully. Roads are slippery with rain and more accidents occur at these times.

Cheerio until next time.

Baseball

The Senior Inter-County Softball league will hold their annual pre-season meeting on Thursday, April 11th at 8 p.m. in the Minden Municipal building. All coaches, managers and players are urged to attend.

In the past six or eight players have shown up to these meetings and out of these few a league executive has been elected. This is not the way a successful league is run, especially at the senior level. There should be thirty or more representatives from the league in attendance. In the past, a few have chosen the league Executive and then during the season players who were not at this meeting are heard griping the way the league is being run...here is the chance to do something about this annual problem, turn up at the meeting on April 11th.

There are a lot of new and interesting ideas to be brought up at this year's meeting. Just a few that I have heard over the winter are: an inter-league draft, a new team, and appointment of umpires to games at time the schedule is made up. This last idea is one of the better ideas to come out of this league. All umpires will be non-players this year. There are already four in Minden and we'd like at least eight. All those interested are also asked to attend this meeting or contact the writer at 286-1318.

So, once again, let's have a good turn-out at this meeting and bring up any ideas you might have to better this league. Also give some thought as to who you would like on your executive this coming year.

The Minden Intermediates keep rolling along the unbeaten path. Their latest victims being Woodville 12-9, on Friday evening here in Minden. They will play a return match in Woodville on Friday, April 5th at 8.30 p.m.

As the score will indicate this was a wide open affair, a real crowd pleaser. Rick Hartwicke and Larry Sawyer were flying for the Minden squad scoring five and four goals respectively. Other tallies went to Neil Burk, Tommy Lee and Mike 'Suds' McElwain.

The Minden Mite C team was also in action last week and young Paul Walker led his team to a 7-0 whitewash over Hallburton, with four big goals. Gregory Newell also had a fine evening for Minden, scoring the hat trick. Andrew Burk was between the pipes and earned the shutout. Hallburton Bantams took on the Minden Bantams on Friday evening here in Minden and scored an easy 5-1 decision. Shane McKelvey spoiled the Hallburton netminder's shutout.

NHL Play-offs - Predictions

Toronto over Boston in seven games
Montreal over New York in seven games
Philadelphia over Atlanta in four
Chicago over Los Angeles in five

Snowfall	19 in.
Total precipitation	2.78 in.
Total snowfall since last Nov.	99 in.
Snow on ground Mar. 31	15 in.
last Mar. 31	0
March was quite variable this year. The first half being mostly clear, cool and pleasant with more than average sunshine. The last half cold and snowy and below average temperatures. In all this month was 10.2 degrees colder than last March. There is still 20-24 inches of ice on the lakes.	

WATTS FROM WASTE

Toronto garbage collected in some routine pickups will be going back into homes and businesses in a new form — electrical energy — in late '76 or early '77.

During a two-year pilot study, Ontario Hydro will be burning 500 tons of processed garbage a day in one unit at Lakeview generating station in Mississauga. Separation of combustible material from reusable glass and metal and other non-burning content will be handled at an \$11.5 million Metropolitan Toronto owned plant being built near Toronto International Airport. The pulverized result will be trucked 10 miles to Lakeview, where Hydro will keep detailed financial and operating records to determine the net value of processed waste as fuel. Modifications to Lakeview costing \$3.5 million are expected to be covered by the provincial government, which will also contribute \$1.5 million to the separation plant.

A Watts from Waste study team has predicted that the station could ultimately burn about 10% of Toronto's garbage, which now amounts to 1.6 million tons a year.

LUTTERWORTH

Council meets

The regular meeting of Council was held March 12th, 1974, all members being present, and Reeve Robert Beene in the Chair.

The meeting was opened with the adoption of the minutes of the last regular meeting held on February 12, 1974. Mr. Roy Colliss and Mr. Stuart Harrison were in attendance to discuss their respective applications for rezoning.

The following accounts were authorized for payment: General - \$5,210.17; Road Account 2-74 - \$1547.84; Welfare - \$662.64.

Council moved to approve severance No. H-33/74 for Mr. Roy Colliss, and to rezone parts of Lot 6, Conc. 13 (Instrument No. 1752) from Rural Agricultural to Seasonal Residential, all costs to be borne by the applicant. It was also moved that severance No. H-32/74 be approved, the said property to be rezoned from Rural Agricultural to Rural Residential and all costs to be borne by the applicant. Severance No. H-31/74 was also approved by Council. It was moved that Council approve the rezoning of parts of Lot 6, Conc. 14, being building lots 1, 2, 3, 4, 5, 6, 7, 8 and 11 from Rural Agricultural to Seasonal Residential on behalf of Mr. Stuart Harrison, costs to be borne by the applicant.

Council passed a motion approving severance No. H-28/74.

A motion was passed:- 'that we approve Thompson's tender of 97¢ per cubic yard of 5/8 inch crush for 4,000 cu. yards at one setting, work to be completed by June 30, 1974'.

The members of Council agreed to the purchase of approximately 70 feet of culvert, 13 feet in diameter, twelve gauge, for the bridge reconstruction on the Rackety Road.

It was passed that Council authorize the spending of the 1974 road funds on improving the Devil's Lake Rd. and the Schaeffer Rd.

It was passed that Council apply to the Ministry of Transportation and Communications for a Supplementary grant in the amount of \$8000 for the construction of the bridge over Rackety Creek. It was agreed that this Township should approach the Ministry of Transportation and Communications regarding the use of the pool grader for 1974 road work.

Mr. Godwin, Realtor, approached Council on behalf of a client regarding the possible construction of five cottages on the lands in the centre of Sugar Island. Council felt that it was in the best interests of the Township to refuse permission for such construction.

It was moved that Council agree to Mr. Valentine's addition to the Dallas cottage, provided that the addition is no closer to the front lot line than the original building, and complies with the Township by-laws in all other ways.

Council passed a motion approving the purchase of fire equipment for each fire warden as outlined by the Ministry of Natural Resources, for the amount of \$308.16 plus sales tax.

Resolution regarding By-laws 13-72, 8-73, 16-73, 17-73, 18-73 and 19-73, being the Restricted Area By-law and amendments thereto, were passed by Council to the effect that there is no Official Plan in existence, nor proposed, to which the said By-laws must be in conformity.

The following resolution was passed by Council regarding land use in this Township:- 'Although the zoning by-law permits seasonal and permanent residences on five-acre lots in the Rural area along Township roads without the necessity for any rezoning, Council recognizes the need to limit the number of new lots created for these purposes:-

(a) for seasonal residences, so as to prevent widespread scattered or ribbon development along roads and preserve the rural and scenic qualities of the Township and that new resort development is encouraged in appropriate areas for seasonal residential development.

(b) for year-round residences, so that only a small number is created each year. Each created lot should be located in areas where adequate year-round services are available which are feasible and economical to maintain permanently. Such services include road maintenance, snow plowing, school bus services, garbage collection and fire and police protection.

It is Council's desire that, within the Township of Lutterworth, severance applications be measured against the above noted criteria in addition to any zoning provisions that may apply.

The meeting was adjourned at 12.30 a.m., the next regular meeting of Council to be held on April 9th, 1974, unless called by the Reeve.

A special meeting of Council was held March 19, 1974, all members being present, and Reeve Robert Beene in the Chair, in order to complete outstanding business.

Council passed a motion authorizing the signing of the final dump agreement with Mr. Joseph Sammut regarding part of Lot 17, Conc. 13, Lutterworth.

It was moved that By-law 5-74 be read a first, second and third time, passed, signed and the Corporate Seal attached. BEING a By-law for the purpose of establishing that the party or parties submitting an application for rezoning land as an amendment to existing zoning by-

laws will be responsible for paying the costs of such application in full.

Council agreed to write off the balance of taxes owing on Roll No. 12007001600, 14001100200 & 10005000600 due to manifest error. All minor tax arrears were also written off.

It was decided that Council retain the law firm of Weir

and Foulds with regard to contraventions of our zoning by-law.

Council passed a motion to engage a rodent control firm for a trial period of five months at a cost of \$12.50 per month per dump site.

This meeting was adjourned at 11.00 p.m. until April 9, 1974, unless called by the Reeve.

TENDERS SEWAGE DISPOSAL CONTRACTORS

SEALED BIDS will be received until 2.00 p.m. LOCAL TIME, April 17, 1974 for the disposal of sanitary sewage from 24 holding tanks at the Ministry of Community and Social Services, Ontario Leadership Camp, Bark Lake, Ontario.

CARD OF THANKS

We wish to express our thanks to Mr. Bushell and members of the United Church for the use of their facilities and for all who donated to our Spaghetti Supper.

The Ladies of the Altar Society of 'Our Lady of Fatima Church'.

I would like to thank everyone for their cards and gifts while I was a patient in the Peterborough Civic Hospital. Special thanks to Mr. and Mrs. Ken Bowron for all their help.

Mrs. Lillian Porter.

I would like sincerely to thank all the folks who sent cards, flowers and for the many phone calls and especially for the prayers for me when I was in Civic Hospital in Peterboro.

Mrs. Isabelle Eastman
R.R.1
Minden.

IN MEMORIAM

JOWE - In loving memory of our Mother and Grandmother Mae, who passed away March 28, 1973.

A year ago you left us
We didn't say goodbye
But your memory is always with us
For that could never die.

Every remembered,
Always loved
By
Barbara, Ross, Wendy,
Susan and John.

OBITUARY

JOHNSON, KENNETH
BRUCE

Born June 25th, 1902 at Kushog Lake, to Dick and Sarah Johnson. He was the third youngest of a family of 12 children. Three members of the family are left to cherish his memory, namely Sadie, Harold and Jack.

Ken was educated in the Boshkung School and worked at various jobs in a paper factory and a meat packing plant in Toronto until 1923. At that time, the urge to travel caught up with him and he joined a harvest excursion to the Prairies. He returned to Toronto that winter, but again went West in 1926. This time he stayed, and following the Harvest, worked the winter of 1926 for a lumbering company. In 1927 Ken met Della Northgraves while working on her uncle's farm and they were married on June 30th of that year.

They were blessed with two children, Thelma and Don. They now have three grand-daughters and one grandson who join the other members of the family in their bereavement. Ken became a motor mechanic and during the war years, 1939 to 1945 taught a trades program at the Vocational School in Saskatoon. Returning to Toronto with his family in 1946 he worked at his trade, rebuilding carburetors, in a shop owned by Mr. Frank Pruneau. The lure of the Haliburton Highlands called to him in 1962 when he returned to his place of birth and settled on the Hawk Lake Rd. not many miles from the farm where he was born. Ken, for two years was the By-law enforcement officer and Building Inspector for Stanhope Township. Other than that he pursued his hobbies of reading and carpentry and working for many of the cottagers in the Hall's Lake area.

Ken hunted regularly with the Dave Harrison Camp in the woods he knew as a boy around Kushog and Boshkung Lakes. He also belonged to the Monday afternoon Seniors' Curling Club, in Minden. Ken was a good neighbor and friend and will be sadly missed by all who knew him. Club 35, where Ken had served as President a few years ago, and who was presently first Vice-President, will also miss his helping hand and continued interest over the years.
